## What is this product?

**Type:** Shares of a Sub-Fund of AFP UCITS ICAV, an ICAV.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the Sub-Fund by liquidation or merger with another fund in accordance with legal requirements.

### Objectives:

The Sub-Fund's investment objective is to achieve capital growth. The Sub-Fund invests mainly in equities and equity related securities of companies that are incorporated under the laws of, and have their registered office in, Europe (defined as countries within the European Economic Area, the United Kingdom and Switzerland), or manage a predominant part of their economic activities from Europe.

A maximum of 10% of the Sub-Fund's net asset value may be invested in Emerging Markets (countries defined as such by the MSCI World Index). The Sub-Fund may invest up to 10% of its net asset value in UCITS eligible collective investment schemes and in AIFs that satisfy the conditions applied by the Central Bank's guidance in relation to UCITS Acceptable Investment in other Investment Funds. The Sub-Fund may hold cash and instruments that may be readily converted to cash (such as cash deposits, treasury bills, investment grade government bonds and short-term corporate bonds (fixed or floating rate), commercial paper, short term money market instruments and certificates of deposit). In normal market conditions, such investment shall not exceed 20% of the Sub-Fund's net asset value.

The Investment Manager will target a relatively concentrated portfolio of between 25 and 50 securities under normal market conditions. As a consequence, the Sub-Fund may have a higher level of annualised volatility than a more diversified portfolio.

The Sub-Fund may use derivatives such as futures, forwards and options for efficient portfolio management purposes only.

**Benchmark:** The Sub-Fund is actively managed and uses the MSCI Europe Index (the "Index") for performance comparative purposes only. The Sub-Fund's portfolio is not limited to, or constrained by, the constituents of the Index. The Sub-Fund has not designated the Index as a reference benchmark for the purpose of the Disclosure Regulation.

**Management Process:** Firstly, companies that derive more than a de minimis proportion of their revenues from operations relating to weapons, fossil fuels, adult entertainment, tobacco production, alcohol production, gambling, and any other products and services determined by the Investment Manager to negatively impact sustainability, are excluded from the investment universe.

Following these exclusions, Gulf International Bank (UK) Limited, the Sub-Fund's investment manager (the "Investment Manager"), aims to achieve the Sub-Fund's investment objective through a bottom-up investment approach that seeks to integrate fundamental environmental, social and governance factors ("ESG"), with an emphasis on social and governance matters, which, in the opinion of the Investment Manager, increases an issuer's potential to generate compounded earnings and create value over the long term.

**Intended Retail Investor:** This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment and to receive income while preserving some or all of the capital invested over the recommended holding period and who are prepared to take on a high level of risk to their original capital.

**Redemption and Dealing:** Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the AFP UCITS ICAV prospectus.

**More Information:** You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Ireland Limited at AMUNDI IRELAND LIMITED, One George's Quay Plaza, George's Quay, Dublin 2, Ireland. ## What happens if Amundi Ireland Limited is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of AFP UCITS ICAV. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.
